AutoCAD Protected Healthstream is a powerful end-user product that runs on Windows Vista, Windows XP, Windows 2000, Win 98 and most legacy operating systems. It is used as a "compatibility pack" for Windows Vista, and it includes a variety of features that Windows Vista does not have out of the box. It is intended to help companies more easily transition to the new operating system (or run Windows Vista on a mixed Windows 2000/XP environment). Product Features • Healthstream is the first and only vendor to incorporate a desktop "application" into their new operating system, Vista. The Healthstream Vista desktop application was certified and tested in conjunction with Microsoft and Healthstream. • Special Microsoft Vista License giving you the right to use any versions of Healthstream for any Commercial or Demo. It also allows you to use free software, at your own expense, to test the whole concept. Go where the pros know Avid. A community of creative professionals is waiting to assist you on our Forums.
