That's why I think that the behaviour of the boy is one of the most important elements in the movie and why it sometimes is quite moving. "I think that the boys has been behaving in such a way in order to get to know the girls and therefore create an emotional link with them. In some cases, the provocative contact has been very intense and the audience is afraid of it in the early stages. The interest rate of the movie goes up significantly from then on and the final feeling is very moving." Romero says he and the victim, who has never had an affair before, have been emotionally moved by the furore. "It's been an interesting experience and I think that we have both felt weak at times, sitting in front of cameras as we have done, discussing our experience. It was a scene that really touched us both and we would like to 0cc13bf012
